

At Pier Point Restaurant, we are passionate about fish and care about our ocean friends. That's why we only pick fish that are sustainably caught.

Imagine if we took too many fish from the sea! It's like eating all the snacks in a party and leaving none for our friends.

By choosing sustainable fish, we make sure there are plenty for us and for the fish too. It's like having a big sharing party in the deep blue sea! So, when you eat our fish, you're helping to keep the sea a wonderful home for all its incredible creatures.
